

# TOGETHER IN CHRIST BUILDING ON FIRM FOUNDATIONS

A CAMPAIGN OF THE ADVANCEMENT FOUNDATION OF THE DIOCESE OF FORT WORTH

## October has been a busy month for our Building Project

### Phase I Project Budget Approved by the Diocese of Fort Worth

We have received official notice from the Diocese of Fort Worth that our Phase I project budget of \$12.5 million has been approved! Fundraising and parish savings have brought us to the \$8.5 million needed to begin construction, and the Diocese has agreed to loan us as much of the remaining funds (up to \$4 million) as we need.

### Phase I Plan Includes:

- 1) A new church that will be big enough to hold weekend Masses there as soon as we make the move and that can be expanded to its full design as funds become available.
- 2) A temporary multipurpose building for meetings, offices, events, and religious education.
- 3) The most crucial site work - roads, utilities and parking.

### Meeting Our Neighbors

The property bordering our land on the south is owned by Toll Brothers, home builders. A future development is planned by Toll Brothers, which will require the construction of a road between our two properties. On Friday, October 13, representatives from St. Philip's and the Diocese of Fort Worth met with representatives of Toll Brothers (pictures at right) to discuss plans for the new road. You may see some construction underway in the coming months!

*Meeting with Toll Brothers  
on the land, October 13, 2017*

### Next Steps

We are currently working on a contract with McCreery Architects, and we hope to have news and updated drawings to share with you very soon. Once our contract is signed, designs will be finalized and construction documents will be prepared.
